

“Creativity is a type of learning process where the teacher and pupil are located in the same individual.”

Arthur Koestler

Dear Parents, Children & Well Wishers,
Greetings to all from DPS

We welcome the esteemed members of the Delhi Public School, Sitapur community to the dawn of another academic session! As the sun shines its golden rays, it creates an array of infinite possibilities before us. In the whispered hum of anticipation that pervades our corridors, I greet you with a heart full of enthusiasm and pride.

Our dedicated faculty members are more than just teachers; they are competent navigators who guide you through the various landscapes of knowledge. They push you to think critically, ask questions, dive deeper, and, finally, experience the joy of self-directed learning. Remember, dear pupils, that your curiosity is a compass, guiding you to intellectual treasures waiting to be discovered.

To our cherished parents, you are the anchor that binds our students to a secure haven of love and support. Your continuous support and active involvement with the school are critical for shaping the future of these young brains. Let us come together to establish a nurturing environment in which academic success thrives alongside emotional well-being and social responsibility.

The school management is devoted to continual improvement, regularly analysing and modifying its practices to ensure that it is fulfilling the changing needs of each student.

So let us cast off the lines and proceed on this thrilling voyage. Let the winds of wonder fill our sails, the current of teamwork carry us ahead, and the stars of aspiration lead us. Remember, the only limitation is your imagination, and the possibilities are as endless as the ocean itself.

With constant spirit and a passion for knowledge, let us make this year one to remember!

With warmest regards,
R.K. Singh
Principal DPS, Sitapur
